SCIENCE BADGE SAMPLE ACTIVITY SHEET

This is a sample Activity Sheet only. Its main purpose is to show you some of the interesting activities that you can do when you choose this badge. Also, you can use this sample sheet to start doing the badge activities, while your teacher is sending away for the full activity sheet and badge. If you have completed some of these activities before your full sheet arrives, your teacher can mark this sheet, then transfer the marks to the full activity sheet.

Rating		Exercises in Energy	Teacher's initials and date
5	*	Write a poem about insects suitable for publication in a magazine or newspaper.	
8	**	Take notes on a film or video that you have seen about insects and write a report suitable for a class magazine.	
9	**	Write a short article describing a personal experience involving insects.	
10	**	Imagine you are a cartoonist interviewing a butterfly about its life. Ask about the changes it has experienced since it was an egg. Make a cartoon to illustrate your findings.	
11	**	Visit a museum. Find the insect collection. Write down the name of the largest and smallest one in the display. Write notes about the most interesting insect.	
21	***	After sunset use a white sheet and a bright light to attract insects. Keep a record of how many different insects turn up. You may be able to use a camera or video to help you. Classify the insects into groups. Show your results as a table of data. Why are insects attracted to lights at night?
