

MARINE BIOLOGY

SCIENCE BADGE SAMPLE ACTIVITY SHEET

This is a sample Marine Biology Activity Sheet only. Its main purpose is to show you some of the interesting activities that you can do when you choose this badge. Also, you can use this sample sheet to start doing the badge activities, while your teacher is sending away for the full activity sheet and badge. If you have completed some of these activities before your full sheet arrives, your teacher can mark this sheet, then transfer the marks to the full activity sheet.

Rating		Exercises in Marine Biology	Teacher's initials and date
2	**	Collect at least 5 different types of empty shells from a particular beach or rocky shore. Mount them and name them.	
3	*	Make a poster about conserving endangered fish, sea mammals or sea birds.	
5	*	Make a sound recording at your local beach. Sounds could include wave action or sea birds etc. Play it to your class explaining what the sounds are.	
11	**	Look up the causes of tides and write a short explanation with diagrams.	
16	**	Long finned eels are an endangered species and travel long distances from NZ to breed. Make a brochure explaining their life cycle, including a map showing their travels, and what can be done to protect them.
