CONSERVATION

This is a sample Conservation Activity Sheet only. Its main purpose is to show you some of the interesting activities that you can do when you choose this badge. Also, you can use this sample sheet to start doing the badge activities, while your teacher is sending away for the full activity sheet and badge.

If you have completed some of these activities before your full sheet arrives, your teacher can mark this sheet, then transfer the marks to the full activity sheet.

Sample Conservation Activity Sheet

Rating		Conservation Activities	Teacher's initials and date
2	*	Compose one song or poem with a conservation message.	
12	*	Make a chart showing how to reduce damage to the bush when tramping and camping.	
13	**	Map the distribution of some native plants in your area. Draw or photograph 5 identified native plants.	
19	**	New Zealand was the first country in the Southern Hemisphere to establish National Parks. Make a detailed timeline of the history of New Zealand National Parks. Show on a map of New Zealand all our National Parks. Rank the parks in order of size from largest to smallest.	
29	**	Some of New Zealand's native plants and animals are endangered. Select one endangered plant and one endangered animal. List the ways in which each can have its chance of survival improved.	
30	**	Interview a person who enjoys catching some type of freshwater fish. List the rules they have to observe and the methods they use to catch the fish.
