MARINE BIOLOGY

This is a sample Marine Biology Activity Sheet only. Its main purpose is to show you some of the interesting activities that you can do when you choose this badge. Also, you can use this sample sheet to start doing the badge activities, while your teacher is sending away for the full activity sheet and badge.

If you have completed some of these activities before your full sheet arrives, your teacher can mark this sheet, then transfer the marks to the full activity sheet.

Sample Marine Biology Activity Sheet

Rating	Exercises in Marine Biology		Teacher's initials and date
2	**	Collect at least 5 different types of empty shells from a particular beach or rocky shore. Mount them and name them.	
3	*	Make a poster about conserving endangered fish, sea mammals or sea birds.	
10	**	Read about a major marine research trip. Write a report about what they did and what they found.	
18	**	Increased levels of carbon dioxide cause Climate Change which affects marine life. Report on this and explain what is likely to happen as the sea gets warmer.	
22	**	Write an illustrated story about a sea mammal such as a whale, dolphin, seal, sea lion. Explain what its life is like, how it feeds and how its body shape and structure is adapted for life in the sea.	
23	**	Produce an illustrated report on the fishing practices Pre - European Maori used to catch fish. Include details about the tools and methods used. Include their traditional beliefs and conservation practices they followed to conserve fish and look after their environment.
